

From the Inside...

*Great Views,
Great Access,
Great Amenities,
Great Space...*

Now that Downtown's newest "Class A" office building is reaching towards the forty percent occupancy rate, we want to show off our tenants, views, amenities, access and so much more!

With access from all the major roads leading to downtown Atlanta, 260 Peachtree is a snap to get to. Once you have entered the main lobby you will notice the attention to detail as well as the gorgeous art work that graces the walls. Continuing on your way up to one of the tenant's floors, you will notice this space is not like any other. One of the tremendous advantages our building affords is the ability for a full floor user to create a spectacular high profile public statement for their firm in the elevator lobby. Make that first impression before you even meet.

260Peachtree

To the Outside...

With the ability to have so many offices on glass, you will appreciate the views that downtown holds. 260 Peachtree gives you the ability to let the natural light in and rolling views of Centennial Park, North or South along Peachtree or just as far as the eye can see. A hustling and bustling spot from dawn to dusk, 260 Peachtree gives you advantages in all directions. *Now is the time to find out why this is the place you want to be.*

Come join some of the professional tenants that have already made 260 their home - CoreNet Global Worldwide Headquarters, Atlanta Magazine, Atlanta International RMI, Schulten Ward & Turner, Decker Hallman Barber & Briggs, Pursley Lowery & Meeks and many more.
